

November 17-21, 2019  
DUBAI WORLD CENTRAL

THE DESTINATION  
FOR AEROSPACE

## INTRODUCING VIP “AMBASSADOR FOR INDUSTRY” COL. AL WORDEN USAF-RET, COMMAND MODULE PILOT, APOLLO 15

Kallman Worldwide, the USA Partnership Pavilion organizer at Dubai Airshow, is excited to announce that Apollo 15 Command Module Pilot, Col. Al Worden,

USAF-Ret., one of the 12 remaining people to have traveled to the Moon and back will attend the 2019 edition of the show as a designated goodwill ambassador for the U.S. aerospace industry.

In addition to a schedule of official appearances, plus select meetings and hospitality events on behalf of Tarsus F&E, the show organizer, Col. Worden will be speaking to audiences about the Apollo 12 flight, whose 50th anniversary occurs during Dubai Airshow 2019. Col. Worden trained to fly on that lunar mission as the back-up Command Module Pilot. His successful training role on Apollo 12 put him on the prime flight line for Apollo 15.

How can Al Worden’s presence at the show benefit your company?  
Contact Jason Rubin to explore opportunities.
